When the weight exceeds an even pound, postage may be prepaid at the rate of 1c. an ounce until the next pound rate is reached. For example, in the case of a parcel mailed in the province of Ontario, for delivery in Ontario, where the rate for one pound is 11c., and the parcel weighs one pound one ounce, the total postage required would be 12c. Similarly, when the rate for a four pound parcel is 26c., and the weight is four pounds four ounces, the total postage required would be 30c.

*This rate also obtains in cases where the 20-mile area extends into an adjacent Province.

†Restricted Parcel Post service to Yukon during Winter.

HELP IN CASE OF ACCIDENTS

Drowning—1. Loosen clothing if any. 2. Empty lungs of water by laying body on its stomach and lifting it by the middle letting head hang down, jerk body a few times. 3. Pull tongue forward, using handkerchief, or pin with string, if necessary. 4. Imitate motion of respiration by alternately compressing and expanding lower ribs about twenty times a minute. Alternately raising and lowering arms from sides up above the head will stimulate action of the lungs. Let it be done gently but persistently. 5. Apply warmth and friction to extremities. 6. By holding tongue forward, closing the nostrils and pressing "Adam's apple" back (so as to close entrance to stomach), direct inflation can be tried. Take a deep breath and breathe it forcibly into mouth of patient, compress chest to expel air and repeat operation. 7. DON'T GIVE UP! People have been saved after HOURS of patient vigorous effort. 8. When breathing begins take patient into a warm bed, give WARM drinks, or spirits in teaspoonfuls, fresh air and quiet.

Burns and Scalds—Cover with Cooking Soda and lay wet cloths over it. Whites of Eggs and Olive Oil. Olive or Linseed Oil, plain, or mixed with Chalk or Whiting.

Sunstroke—Loosen clothing. Get patient into shade, and apply ice-cold water to head.

Mad Dog or Snake Bite—Tie cord tight above wound. Suck wound and cauterize with caustic or white-hot iron at once, or cut out adjoining parts with sharp knife.

Venomous Insects' Stings, Etc.—Apply weak Ammonia, Oil, Salt Water or Iodine.

Fainting—Place flat on back; allow fresh air and sprinkle with water.

Tests of Death—Hold mirror to mouth. If living, moisture will gather. Push pin into flesh. If dead, the hole will remain, if alive, it will close up.

Cinders in the Eye—Roll soft paper up like a lamp lighter and wet the tip to remove, or use a medicine dropper to draw it out. Rub the OTHER eye.
